LEAK NEWS

Your Source for Leak Detection & Repair Solutions

We are thrilled to share with you the fourth issue of "Leak News," an exciting newsletter brought to you by LeakTronics, your trusted partner in the world of swimming pool and plumbing leak detection and repair solutions. Dive into a world of invaluable information and stay ahead of the curve with our cutting-edge insights, new product features, demonstration videos, industry updates, tradeshow schedule, customer highlights and so much more.

LeakTronics News

Contractor Highlight

We're bringing you a success story from Simi Valley, CA. [Terranova Pool Inspection](#) has been offering leak detection and inspection services since 2013. Jeff uses our swimming pool leak detection [equipment](#) and gradually added [structural crack repairs](#), [trenchless pipe repairs](#), and other methods to his services. His customers highly appreciate the comprehensive [reports](#) he generates. Learn more about Jeff on his [website](#). Want to be featured for free? Send us a testimonial of your favorite LeakTronics product at info@leaktronics.com and we'll do the rest!

Got Content?

We create hundreds of leak detection and repair demonstration videos each year and they get viewed by thousands of contractors and property owners for free on our [YouTube channel](#). Do you want us to promote your services for free? Send us videos and photos of your leak detections and repairs. Our [Bulldog Marketing Group](#) team will create and share valuable videos showcasing your expertise for free! Your business and website will be included in the caption. Residential and commercial jobs are welcome! Contact us today at info@leaktronics.com to learn more.
